# FOREWORD

Life at Warwick in 1952 gave to us who were a part of it so much to remember that no one book can contain it all. Memory has slipped into each day of our lives and stolen a word, a thought, or an act; and it is the sincere hope of the staff that many of these have been recorded in this yearbook for all time.

The theme by which these memories are bound together is one which affects and involves every student at Warwick, for whoever has been to any school knows well that "Books" are the basis of virtually everything one does. The largest part of our time here at Warwick has been spent in classes where, as a book was read and learned, it became at once a guide and stepping stone to greater knowledge.

Nor were our lives free from books in other phases of life at Warwick, for in our extra-curricular activities we needed and used books constantly. We learned a new song or march from music books and memorized lines from a play book. The secretaries of the clubs in which we participated recorded the minutes of our activities in a notebook, and the scorebook kept a record of the basketball shots we made and missed.

Finally, there is "The Nineteen Fifty-Two Warwick," which is a "book of books," and we, the creators, earnestly hope that we have depicted the important parts of life at Warwick. Perhaps we have not included everything which was important to you, but by reading between the lines or gazing just beyond a picture, you may be guided by those things which we included. Thus the things you did at Warwick will always be as near your memory as your copy of "The Nineteen Fifty-Two Warwick."

MR. WILLIAM R. FORMICHELLI

# DEDICATION

It is seldom that one person is actively interested in almost all phases of life at Warwick. We are fortunate to have such a man in our midst, and to him the annual staff proudly dedicates "The Nineteen Fifty-Two Warwick."

Whether in the classroom or on the athletic field, his able direction and sincerity have called forth our respect and admiration. Many of us have turned to him for personal guidance, prompted by the generosity with which he gives his time to each student.

In this dedication, the annual staff wishes to express the deep appreciation of the student body to one whose years of service have made him familiar to all—Mr. William R. Formichelli.

# SUPERVISORS AND SCHOOL BOARD

Mrs. Winder, Supervisor of Education, is frequently seen at Warwick where she aids the teachers with their problems and questions of teaching methods. Mrs. Sheild, Visiting Teacher, aids families with their financial problems, issues work permits, contacts families about student absences. Miss Satterwhite, Director of Art Education, helps teachers plan art projects in their classes to correspond with the subject matter. She also arranges exhibitions of the students' art work.

The final word in matters which concern Warwick is the School Board, headed by Mr. T. Ryland Sanford, Superintendent of Schools in Warwick County. This group settles matters of policy and is active to improve classroom facilities and the curriculum.

At the center of Warwick and its inhabitants is the small group of offices where Mr. Cox, our Principal, Mr. Davis, our Assistant Principal, and the three office assistants work. It is their job to keep things running smoothly throughout the school, and to achieve this goal they are constantly "on the go." Mr. Cox and Mr. Davis have done wonderfully in their demanding jobs, while Miss Thomas, Miss Welch, and Mrs. Lowe, our office assistants, gave their invaluable assistance. With such excellent leaders to guide them, Warwick students have reason to be proud of their school's fine administration.

# THE SENIOR CLASS

What magic lies in that word, "Commencement"! It suggests youth and spring, June roses and graduation, and all the thrills that never come again, but whose memories live on forever. To us, as seniors, they all seem to come rushing back on our last trip down that familiar aisle. We remember the class motto which says, "Look forward; the world is yours." It sounds wonderful, but still we know there won't be any more football games of which we are really a part; no more plays or pep assemblies, and all the dances we slaved for to make a success; they won't need us anymore.

Even the traditional strains of "Land of Hope and Glory" will never sound quite the same. Those white carnations against the green background seem to blur together, reminding us that they are our class colors. Then some eighth grader along the way looks up at us—he is the one we taught to dance last fall. Wonder if he will forget us, too?

Suddenly nostalgia is reflected in the eyes of everyone. They all remember the banquet where we got that silly grab bag prize. Then above all, the glorious prom, and how horrible it was to see it over—our last one. Class Day and Baccalaureate flew by much too fast until now—the glee club is singing the class song, "For All We Know"; but please don't let it be true that "we may never meet again".

Then, one by one, someone calls the names to receive diplomas and it's all a wonderful memory.

# THE JUNIOR CLASS

"The meeting will please come to order." Remember October tenth, when we missed second period for our first Junior Class meeting? Pardon us if we were too noisy the rest of the day; we were trying out our new influence. As new juniors, we had a calendar full of blank pages to fill, for this was our year to give. On November fourteenth we began the magazine campaign, and for two weeks juniors and seniors sold until dark. Our neighbors became familiar with plans for a better prom. Our goals and spirits rose high; our shoes wore out.

One day we were late to class, trying to decide on the perfect school ring. When they came, they were worth the money we had saved so long.

College Day and the dance for the ninth graders were the highlights of the winter, but as spring approached, preparation began for the best prom ever. We worked overtime choosing an orchestra, planning refreshments, budgeting, and decorating. It was well worth the effort though, as we danced in a magical world created from our everyday gymnasium.

In giving the seniors a prom to remember, we have given ourselves memories always to be cherished.

# THE SOPHOMORE CLASS

The sophomores, at the midpoint of their high school days, began to take an active part in life at Warwick. Studies seemed more advanced and difficult, but time was also reserved for extra-curricular activities, to which they gave much of value. Class spirit ran high, and these newest additions to the ranks of upperclassmen made themselves well known for their willingness to work and their promising skill.

# ORGANIZATIONS

# STUDENT CO-OPERATIVE ASSOCIATION

IRVING FULLER, *President*

The Student Co-operative Association of Warwick High School, the most important organization in the school, had an active and successful year living up to the high goals which were set forth at the beginning of the year. To gain a greater sense of honor throughout the school, a campaign urging students to think about honor was held, and two speakers spoke to the assembly. As a result of this drive, several classes independently adopted an honor system.

Perhaps the most striking achievement of the year was the huge attendance at the dances, by which the S. C. A. was put "in the black." The "Dateless Dance," where everyone square-danced, was a big hit; and the Christmas Formal, with orchestra and decorations, was a festive occasion. A new constitution was written for the S. C. A., and work was done to establish an activities ticket for next

year. The cafeteria was "spruced up" with paintings and flowers, and new students were made to feel at home by the work of the Orientation Committee. The committees of the S. C. A., each composed of members of every class, have done fine work this year and deserve a big hand.

The S. C. A. is composed of the Executive Council and the S. C. A. Congress. In the monthly council meetings, reports of the committees were heard and subjects were discussed and prepared for presentation to the Congress for a vote. These two branches have done much work and have a fine record of achievements.

Irving Fuller did an excellent job as President of the students' governmental body, and was ably assisted by Mrs. Sara Geddy, Faculty Adviser. The other officers of the S. C. A. did equally well in their jobs. Warren Chauncey served as First Vice President, Douglas Lawson, Second Vice President; Anne Forbes, Secretary; Emma Lou Wilkins, Treasurer; Donald Millar, Reporter; and Brian Grigsby, Parliamentarian.

# USHERS

Each spring an S. C. A. Committee is assigned the job of selecting sixteen ushers to serve the school. With such things in mind as social competence, satisfactory scholarship, representative distribution, and with a high standard of individual citizenship in mind, the group of eight boys and eight girls pictured above were selected.

They usher at all school plays and concerts, but their chief function is at assemblies. There, with white ribbons to identify them, they hurry around the auditorium, guiding students to their correct seats. Graduation, May Day, and College Day are other functions at which the ushers play an active and necessary part.

The Ushers also help guide the new students and eighth graders to their classes during the first few days of school, and it is their job to welcome and guide any visitor at Warwick.

# THE WARWICK

LEFT TO RIGHT: *Freda Heflin, Business Manager; Miss Hilda Abernathy, Faculty Adviser; Betty Hockaday, Editor*

Despite all warnings of the work required to produce an annual, nine students gathered in room 202 in September, and with a blank face and a pair of hands, each began the tremendous task.

"Betty," our Editor, kept us hard at work when she wasn't too busy herself, and Freda, our Business Manager, took care of our "unmanageable" finances. Suzanne did the thousand-and-one jobs which the position of Assistant Editor demands. Genelda kept track of subscriptions, as Assistant Business Manager, while "Jackie," Advertising Manager, kept everyone selling ads and then drew them all up. As our Art Editor, Anne dabbled in paints, and came up with some wonderful drawings, while our Literary Editor, "Flossie," sat, nibbled on her pencil, and stared at a blank page. Mary Ellen decided where all pictures were taken, and helped schedule all individual pictures as part of her job as Picture Editor. Then there was "Bugs," the only boy on the staff (brave lad), who was our Sports Editor.

Probably the students' first impression of the annual staff was the sudden disappearance of these eight seniors and one junior, but when the subscription campaign began, evidence of our work was prominent. Posters and banners decorated the halls, and our two Scotch laddies "brought down the house" as they sang about the value of an annual. We beamed with pride when we got seven hundred and fifty subscriptions, but then began the real work of creating an annual for these people.

With the valuable assistance of Miss Abernathy, we worked harder and faster than ever before to meet the deadline. On February 11, we sent it off, and hoped for the best. Here, we hope, it is!

# THE SPONGE

*Mrs. Jones, Faculty Adviser; Dan Fine, Editor; Bennett Wilson, Business Manager*

"Extra! Extra! Read all about it!" Every two weeks the familar cry was heard throughout the halls of Warwick as the newest edition of *The Sponge* came from the printers. To most of the students, *The Sponge* was a bi-weekly event and one to which they looked forward; but to the nine hard-working members of the staff, the search for news was an all day, everyday job.

In September Dan Fine was chosen Editor and Bennett Wilson elected Business Manager. Pat Perrin and Bennett Wilson assumed the duties of Co-Editors in January. With the invaluable assistance of Mrs. Jane Jones, Faculty Adviser, they handled well the job of heading up a newspaper. *Sasparilla* became a famous new part of Warwick, due to Ann Barney's efforts as Feature Editor. Kay Wilkins,

TYPISTS: *Nancy Gwaltney, Marlene Lee, Joyce Harvey*

News Editor, gathered news from every corner and closet. Meanwhile Kenneth Piland, Sports Editor, gave life to the sports page with his "inside the locker room" news and Pat Perrin brightened every page with her art. Marlene Lee, Joyce Harvey, and Nancy Gwaltney rounded out the staff as typists and reporters, working hard to get everything typed for that Wednesday deadline.

With good reason the staff is proud of *The Sponge*. Total circulation and the number of pages has doubled, while the number of editions has tripled. Several "scoops" made *The Sponge* more eagerly awaited than ever before.

June found the staff, strangely enough, feeling sad at the thought of leaving behind the glue, scissors, and dash to make the deadline; but the results of their work are still bright reminders of Warwick in 1952.

*Bennett Wilson, Joyce Harvey, Nancy Gwaltney, Marlene Lee, Mrs. Jones, Pat Perrin, Dan Fine, Ann Barney, Kenneth Piland, Kay Wilkins*

# ADVANCED BAND

The Warwick High School Band started the year with flying colors by taking first place in the Firemen's Parade in Hampton. The band has played an important part in adding color and excitement to the football games, pep rallies, and assemblies. During the marching season the band was efficiently led by its very capable drum major, "Monty" Martin, who also plays first cornet. Our two majorettes, Sara Jane Bowden and Geneva Hopkins, ably assisted "Monty" in leading the band through many complicated maneuvers and added color and sparkle to the band.

The band was not only known for its precision marching, but also for its concert ability. The concert band had a very varied program. It gave concerts in assemblies, participated in the District Band Festival in Norfolk, and gave its annual spring concert.

A band is no better than its director and the band is very fortunate to have Mr. Lyle M. Smith, who is well known for his likable and jovial manner.

# MAJORETTES AND DRUM MAJOR

Warwick had the pleasure this year of being host to the All-State Band Try-Outs for the peninsula. Billy Welstead made first chair flute in the All-State, while Don Stroud, french horn; Tommy Scarborough, baritone; Henry Moreland, B flat bass; Brad Gray, tympani; and Brian Grigsby, clarinet, made the All-State Workshop Band.

The Intermediate Band helped to make the Thursday night games of the J. V. football team as colorful as the Varsity's, with their marching, formations, and playing. This group worked hard, and with such skilled musicians constantly coming up, Warwick's band will retain its fine record of the year.

# A CAPPELLA CHOIR

Warwick students have become accustomed to hearing the strains of music coming from Room 235, but newcomers are quick to comment upon the excellent Glee Club at Warwick. Under the able direction of Mrs. Barclay Sheaks, the Glee Club, composed of the A Cappella Choir and the mixed chorus, had a very successful year.

The A Cappella Choir, attired in maroon robes, added much to every assembly in which it participated with "Dry Bones" making a special hit, and the Mixed Chorus's rendition of "One World" gave everyone a special thrill. In November, the A Cappella Choir held a joint concert with the Newport News and Hampton High School choirs. Although smaller in size Warwick's A Cappella Choir had reason to be proud. Another individual activity was the program over radio station WHYU.

# MIXED CHORUS

The Fall Concert, greatly enjoyed by the audience, was soon forgotten as the strains of "'Twas The Night Before Xmas" rang through the halls. The Christmas concert and assembly put everyone in a festive mood, as both sections contributed to the "music in the air."

The red and green decorations of Christmas trees gave 'way to the red hearts and white lace of Valentines, as the Mixed Chorus serenaded us all into the mood of romance. Members of the A Cappella Choir acted out songs as the choir sang in the background.

With an active, successful Glee Club such as that of '52, Warwick students will never be "Without a Song." This year, the Glee Club presented "Purple Towers" as the annual operetta, and a large audience enjoyed the confusing antics and delightful songs. The large chorus, with bright costumes, added color and sparkle to the production while the solo voices were excellent.

# KEY CLUB

The Key Club is an organization composed of junior and senior boys, chosen by a faculty committee on scholarship, extra-curricular activities, aid to the school and community, and general moral character. The year 1951-52 was a busy one for this active group. With Mr. George Heflin as faculty adviser, the officers of the Key Club were: Irving Fuller, President; Eugene Church, Vice President; Warren Chauncey, Secretary; and Brian Grigsby, Treasurer.

The Key Club has lived up to its goal to serve the school and community. This year the members helped Mrs. Edward Blair by repairing toys for the poor, and they also painted the Morrison Civic League Building. Under the guidance of their parent organization, the Kiwanis Club of Warwick County, they helped with "Kids' Day" by selling movie tickets and peanuts. As a service to the school the Key Club printed and distributed schedule cards of the football season with good sportsmanship rules on the back.

Every year the Key Club sends delegates to the Kiwanis International Convention. To help finance such an undertaking, Christmas cards and wrappings were sold.

Besides their own meetings, held every two weeks, several social functions were held, with the fall "beach party" making a special hit. As another activity, two members were sent weekly to attend the Kiwanis Club meetings.

After such a worth-while year, congratulations are in order to each of the twenty-five members.

# LATIN CLUB

This year the students in the advanced Latin class decided to form a club in order to engage in various activities which were difficult to follow in regular classwork. Their first step was to elect Samuel Bland as chief-counsel; Warren Chauncey as assistant counsel; and Joanna Allen as scribe. As all clubs, this one had an appropriate motto, naturally in Latin: "Forsan et haec olim meminisse iuvabit" (And perhaps someday it will please us to remember these things). This phrase was taken from Vergil's *Aeneid*, the text which the class used. In order to add distinction to the members, a club lapel pen was adopted and ordered.

Since the whole club seemed to have an interest in every phase of Roman life and civilization, a reserve of books with Roman themes was set aside in the library for the purpose of increasing their knowledge in this field.

One of the most important activities, and one of the most enjoyable, was developing a useful conversational vocabulary. As tangible evidence of the other activities, the club planned and completed a scrapbook on the life and works of Vergil, with the hope that it will serve as a source of inspiration to all the future Latin students of Warwick High School.

# LOS PICARITOS

The members of "Los Picaritos," which is sometimes called The Spanish Club by those who are not versed in Espanol, had a busy year learning to be true señors and señoritas, and from all appearances, a successful one.

The club was under the sponsorship of Miss Millicent Hutcherson until Christmas when she left to be married; Miss Jean Williams replaced her. The officers were: Anne Forbes, President; Ann Louise Woodall, Vice President; Donald Millar, Secretary; and Anne Shirley Garrett, Treasurer.

Meeting every six weeks, the club members had many interesting programs. Two girls from Mexico spoke to the group, and as a Christmas project they made pinatas. These pinatas helped to make the Christmas party a festive occasion in true Latin American style.

To achieve a spirit of co-operation between the Americas, the chief goal of "Los Picaritos," the members exchanged letters with pen pals in South America. This year, in accordance with past custom, the members visited Westhampton College for its Pan-American Day activities where much of value was learned amidst the fun of the trip.

After such an active year, members of "Los Picaritos" should feel quite at home on their trips "south of the border."

# LE CERCLE FRANCAIS

Le Cercle Francais is the club which was formed this year by the French students to increase knowledge and to promote a deeper understanding and appreciation of France and its people. Endeavoring to accomplish this goal, they conducted the meetings as guided tours of French cities and provinces. In this way they became familiar with the geography, customs, and history of the different areas of France. Another interesting series of meetings was devoted to the study of outstanding French writers, scientists, and musicians.

A French war bride spoke to the group about French customs and the observance of special holidays.

The members chose as their motto, "En Avant," which means "Ever Forward." Douglas Lawson served as President of The French Circle; Franklin Willoughby, Vice President; and Sue Cridlin, Secretary-Treasurer.

The chief undertaking of Le Cercle Francais has been the raising of a fund to increase the stock of film strips, recordings, and research books pertaining to French, as a means of making the classroom study more interesting and profitable.

# WARWICK PLAYHOUSE

An active and essential part of Warwick's rapidly growing Drama Department is the Warwick Playhouse, composed of thirteen hard-working members. Although many of them are frequently seen behind the footlights, the greater part of the Warwick Playhouse's activities center in the backstage jobs, so necessary to a play's production.

This fall, the Warwick Playhouse, in cooperation with the Drama Department, presented "You Can't Take It With You," the hilarious escapades of a family of individualists. A large audience enjoyed the play greatly, and the financial status of the department was greatly increased by its success.

The spring production of "The Little Minister" maintained the splendid record of productions, and was the first real costume play presented by the Warwick Playhouse.

Behind both productions were members who managed the printing of tickets, posters, and programs, and who headed up advertisements and ticket sales. Four members were in the cast of each play.

The Warwick Playhouse began the year under the direction of Miss Betty Holtz. In the early fall her duties were taken over by Miss Bernelle White. The officers of the Warwick Playhouse were: Donald Millar, President; Joan Phillips, Vice President; Betty Hockaday, Secretary; Tommie Anne Herndon, Treasurer; and Ann Louise Woodall, Reporter.

# SCIENCE CLUB

The newly organized Science Club of Warwick High School, under the sponsorship of Miss Betty Meriwether, was composed of twenty-five enthusiastic students. The club was open to anyone with scientific interest who had taken one of the many science courses offered by the school.

Every member had an individual project, and reports on these projects were heard at the meetings. The projects of the different members covered a wide field of scientific interest: insect collections, shell collections, classified collections of fossils, chemistry experiments, taxidermy, photography, research papers, and many others.

At the end of the year, the president of the club was chosen on the basis of the most outstanding projects. James McArthur was acting President, Betty Altwegg, Vice President; Gay Curtis, Secretary; Betty Chapman, Treasurer.

The objectives of the Science Club were to promote more interest in the scientific fields, and to make and place displays in the science showcase. Another objective was the preparation of projects which were displayed in a science exhibit in April at Matthews High School.

# HI-C CLUB

The newest addition to the clubs at Warwick is the Hi-C Club, or the High School Christian Club. Under the faithful guidance of Mr. Le Pierre Watson, a constitution was written and a creed was formed. The club elected an able group of officers to guide them: Mary Nettles, President; Lois Ann Gray, Vice President; Patsy Thore, Secretary-Treasurer; Joyce Harris, Pianist; and Toy Watson, song leader. With the basic framework of the club set up, the members' aim for the year was to create a more spiritual atmosphere among the students and faculty, and to meet the members' individual spiritual needs.

To achieve this goal many interesting programs were held, provided by its own members, outside speakers, and visiting clubs.

# F. H. A. CLUB

"They don't taste like those my mother used to cook." The girls of the F. H. A. aren't likely to hear any such complaints for, as their name implies, they are learning to become the Future Homemakers of America. The year 1951-52 was an active one for these girls, after their first organizational meeting in October. A mock business session was held, and many useful and interesting subjects were discussed throughout the year.

At Christmas the F. H. A. helped Mrs. Edward Blair by baking cookies for the needy. In February a skit, "Around the World," was presented and was followed by a reception for the mothers.

New spring fashions was another topic, and a fashion show was the program for a spring meeting. At the final meeting F. H. A. camp activities were discussed and plans were made to use their "domestic know-how" in various summer projects and activities. After such an active year in the F. H. A. "mother's little helper" was fast progressing into "chief cook and bottle washer."

# DISTRIBUTIVE EDUCATION CLUB

The D. E. Club has become one of the most active and well-known organizations at Warwick. The members gained much of value throughout the past year and they became well versed in the arts of salesmanship. All twenty-five members worked in various selling jobs and left school at 1:20 P M. to go to these jobs.

A speech contest was held before Christmas and the winner, Billy Butler, competed with other Peninsula winners. Although he did not gain the district award, Warwick was well represented.

At the convention of all Distributors Clubs in Tidewater, winners of the district contests gave speeches, and adult speakers gave much of value to all the members who attended. Reports were given on the activities of all clubs and a guided tour through Williamsburg completed the day.

One of the biggest events of the year was the Employer and Employee Banquet in the spring. All members invited their "bosses," and everyone enjoyed it immensely. Toward the end of the year one member was selected to represent Warwick's Distributors Club in the State Convention.

The officers of this active group were: James Atkinson, President; Marvin Hill, Vice President; Tommie Anne Herndon, Secretary; Hattie Pearl Dunn, Treasurer; Patricia Gatewood, Editor and Promotion Manager; and Earl Bowman, Parliamentarian.

# VARSITY CHEERLEADERS

"Here ye! Here ye! Look this way!"

The nine girls on the varsity cheering squad had no trouble drawing attention; for these girls, with their new maroon skirts, white sweaters, and gold letters, added sparkle and zip to every game.

Despite the frequently depressing scores, they never failed to lead the students in yell after yell; and, as a result of these efforts, a great increase in school spirit was noted by the students.

"Pep" assemblies, with original ideas by these girls, did much to add to the festive Friday assemblies; and "Sway Newport" became a favorite cry.

Who will ever forget the rain which seemed to follow Warwick's team? Despite the mud, these girls maintained a cheerful, if somewhat watery, smile.

The squad loses five of these girls this year; but if future replacements maintain these girls' skill and precision, athletics will never lose its glamour.

May you always have buckets of luck & success. Don't forget our days in Mrs. Hazelwoods Algebra class. Best of luck to a fine friend.
"Forbesie"

# JUNIOR VARSITY CHEERLEADERS

The "little sisters" of the varsity squad are the nine members of the junior varsity cheering squad, who have now become an established part of Warwick. Thursday night football games drew almost as large a crowd as the varsity games on Friday night, and the enthusiasm and pep which these games created was largely due to the efforts of these girls.

After tryouts were held in the fall, five new girls were named to the squad. Ann DeAlba, Patricia Dobson, Delores Barnett, Suzanne Fite, and Betty Forbes quickly learned the yells, and with Dorothy Krause, Kay Wilkins, Sandra Cromwell, and Sylvia Carter as experienced members they cheered at the first J. V. game. Sylvia Carter was elected captain, and Kay Wilkins, co-captain.

With talent such as these girls have displayed, the varsity squad will have no trouble when they select future cheerleaders. While learning and gaining skill, they have added much to the athletics of the school.

# VARSITY FOOTBALL

LEFT TO RIGHT: *Mr. Steckroth, Eugene Fox, Bobby Parker, Mr. McFall*

An outsider judging the scores of the Warwick High football team might get the impression that character had been stressed more than other important issues that are needed on the gridiron. In football, as in other sports, only the score is remembered by the fans after the game is over, and the playing on both teams is usually forgotten in a few months. Down in the record books go the scores of the games, but the events of the hard-fought contests are left unwritten.

This year Warwick lost nine out of ten games, but in almost every contest the opposing team knew that they had played against a real football team. One of the reasons for lack of wins by the Farmers was the tough schedule. The team met Hopewell, Newport News, Hampton, and Wilson, all crackerjack ball clubs. Uncle Sam got a few of the better players and the effects were noticeable to the team. Another reason for the lack of wins was the injured list which took many of the needed players at a most critical time. "Wally" Garner, ace lineman, was hurt early in the season and was forced to stay on crutches until the season was well over. Eugene Moore was hurt in an early scrimmage and was

forced to remain on the sidelines, too. Jack Crane, Carlton Hurman, and "Doug" Lawson were all out at various times during the season, but got to play for the better part of the games.

If one were to sum up the virtues of the team there would be the punting of Jim Harvell, the running of "Buckshot" Parker, and the better-than-average passing of "Doug" Lawson. Their biggest fault was the lack of deception and experience in the backfield. The line, though one of the heaviest in the state, lacked holding and driving power in spots, but was highlighted by Noel Simpson, Joe Guy, and Hugh Mahanes. The team voted "Doug" Hunnicutt the outstanding back and Noel Simpson the outstanding guard.

The head coach at Warwick this year was Mr. Robert Steckroth. Assisting him were Mr. Francis McFall and Mr. George Heflin.

Though the '52 Warwick team could not be called a winning ball club, those boys who never got discouraged, even when the going got rough, certainly deserved all the backing that was given to them all through the season.

# JUNIOR VARSITY FOOTBALL

*Coach William Formichelli, Co-Captains Carl North and Bobby Stone*

The Warwick High Junior Varsity Football team has shown a number of talented players among its ranks this year. Although the J. V.'s lost four out of five games, the spirit and "die-hard" persistence was still a noticeable feature of the team.

Several of the outstanding players on the team were Greg Foretich, quarterback, Jock Wilkins, tackle, and Paul Ferguson, guard. These boys, as well as the whole team, did their best playing in the Norview and Mathew Whaley games. We won the Mathew Whaley game but lost to Norview by a few points.

Coaching the J. V.'s were Mr. William Formichelli and Mr. R. L. Beavers.

# JUNIOR VARSITY BASKETBALL TEAM

The J. V. Basketball team, under the direction of Coach George Heflin, has provided the spectators with a number of nip-and-tuck games. One of the outstanding wins of the J. V. team was over the Newport News Baby Typhoons.

The five starters on the team are as follows: Donnie Schubert, guard; Frank McCormick, guard; Tom Fitzpatrick, center; Normon Monk, forward; and Tom Lanier, forward.

While the whole team, including the "bench warmers", have shown themselves well, Tom Fitzpatrick and Tom Lanier have proven themselves outstanding material and should have some years of varsity ball ahead of them.

With the number of senior varsity players graduating this year, there should be a number of replacements from the J. V.'s. Since it is impossible to predict the outcome of the season, all that we can do is to wish the team the best of luck now and hope that they come out on top.

Through thick and thin I have always brought your mail to you. It has been a pleasure to serve you this happy year.

# VARSITY BASKETBALL

LEFT TO RIGHT: *Stuart Atkinson, Ray Benton*

The Warwick High basketball team seemed to be plagued with bad luck this season. The record of the team does not reflect the real abilities of the individual players. So far this season the Farmers have won two games and lost eleven, but it should be remembered that several of these games were lost by a narrow margin.

*Ray Benton, Jerry Vaughn, Hugh Mahanes, Charles Moore, Stuart Atkinson*

While the victories have been few, the team has given the spectators more than their money's worth in good ball playing everytime.

The usual first team is as follows: Co-Captain Stuart Atkinson, senior guard, is noted for his hard ball playing, aggressive driving, and scoring ability in the clutch.

Co-Captain Ray Benton, senior guard, nicknamed "The Bantam Game Cock," is well known for his sparkling floor play.

Hugh Mahanes, senior center, is our best man under the backboards, and our most capable pivot man.

Charles Moore, senior forward, is a determined player with an accurate eye on the basket.

Kenny Williams and Jerry Vaughn, junior forwards, are alternates for the other forward position.

At press time, the team has improved a great deal since the first of the season, and the chance for more victories is very good in the coming games.

Coaches Bob Steckroth and Francis McFall have done their best in coaching the team.

The students have done their part by following the team to all the games and backing them all the way. Since it would be impossible to predict the outcome of the season, we can only wish the team luck and hope they come out on top.

# TRACK

Last year the 1951 Warwick track team, though losing all four dual track meets, broke six of the track records set by former Warwick students.

Under Coach Francis McFall, former William and Mary track man, the team competed against the best teams of the Tidewater District. The Farmer track men collected 162 out of a possible 452 points in dual meets and came in seventh place in the state meet held at the William and Mary stadium.

The new school records set last year are as follows:

# BASEBALL

The 1951 season of the Warwick baseball team could not be called a complete success, but the fans saw a great deal of good ball playing. The Farmers won three out of ten games, beating Norview once and Newport News twice. Due to the rivalry between the two schools, and considering the fine ball club that Newport News had, it was quite a triumph to win over the Typhoons. Some of the outstanding players on the team last year were: Charlie Bullock, pitcher; Ramsey Knox, outfielder; Edwin Chauncey, outfielder; and Jack Crane, third baseman. The team was coached by Mr. William Formichelli.

Only a few of the '51 team will be out for ball this year, but with the remaining players and the number of good prospects in the Sophomore and Junior classes, the chances of a better team for '52 are very good.

# SENIOR

Ann Barney

Eugene Church

Anne Forbes

Irving Fuller

The Class of '52 has had many outstanding students in its midst, and these eight seniors have rightfully earned the title of Senior Leaders. Talented, capable, and always willing to work, each has added greatly to the welfare of Warwick.

Ann Barney, a prominent member of the Class of '52, has taken an active part in a variety of interests.

She has been active in the S. C. A., and was chairman of the Cafeteria Committee this year. The S. C. A. dances have also gained from her contributions of time and energy.

Some of her other activities were: Spanish Club, Senior Class Secretary, and Usher. As Feature Editor of the *Sponge*, Ann's gossip column, *Sarsparilla*, became famous throughout Warwick.

Ann, who was also elected "Best-Dressed Senior Girl," has decided to attend Longwood; but her vocational plans are still undecided. If she maintains her same vitality, she will certainly succeed in any chosen field.

Eugene Church has become well known throughout Warwick for his many contributions and his pleasant disposition. Coming to Warwick from Denbigh Elementary School, Eugene has maintained a fine record of scholarship in his many classes.

He has been active in the Science Club at Warwick, and is considering continuing in this field after graduation. Other activities have been: Ethics Committee, Orientation Committee, Debating Team, S. C. A. Congress, and Key Club.

When discussing his plans for the future, Eugene is undecided, but college is a definite goal. V. P. I., University of Virginia, and Miami University are all under consideration. Wherever he chooses, he should be a welcome addition, for he well deserves the title of Senior Leader.

Perhaps the busiest girl at Warwick is Anne Forbes, whose many activities keep her stepping. As Secretary of the S. C. A., she has a large book of minutes and is busy recording the activities of that organization. Another large responsibility is the job of Captain of the cheering squad of which she has been a member for four years. She was also Art Editor of the Warwick, President of the Spanish Club, President of the Latin Club, and representative to Girls' State.

Although not definite, she plans to attend Westhampton where, with her friendly smile, she should become well known for her engaging personality.

Warwick has seldom had as skillful a President as was Irving Fuller. "Pep," whose easy-going nature concealed a wealth of plans and ideas for the S. C. A., has had a very successful stay at Warwick.

He was Sophomore Vice President, Key Club Secretary-Treasurer, and also President; member of District Champion Debating Team, Attorney-General of Boys' State, and active in Junior Varsity Football.

"Pep" recently passed the Naval Reserve Officers Training Corps; and now plans to attend Princeton University, where he will study Political Science. We, at Warwick, will eagerly

watch his progress, which is certain to lead to success in his chosen field.

Anne Shirley Garrett, whose red hair and charming smile brightened every class she entered, has maintained a splendid record of achievement and scholarship. She plans to attend Westhampton, where she hopes to major in Science. Although Warwick will miss her, Westhampton will gain much by her entrance.

As part of her many activities, she has been accompanist for the Glee Club, Usher, Junior Treasurer, Spanish Club Treasurer, Student of the Week, and a homeroom officer for several years.

In her Junior year, Shirley was chosen "Student of the Year," an honor which was well deserved, for her scholarship has been excellent. She has also been active on several S. C. A. committees, and has been a member of the S. C. A. Congress.

The tall, blond President of the Senior Class, Philip Hancock, has taken the lead in many activities since he transferred from Newport News High School. He has become a prominent member of the S. C. A., and has been a member of the Congress for two years. S. C. A. committees have taken much of his time.

Philip played J. V. Football for two years, and J. V. Basketball, three years. He has also had time for the Key Club, Latin Club, and Ushering.

Philip is debating between attending William and Mary and the University of Virginia but plans definitely to enter the field of medicine. We'll be watching for your shingle, "Doctor" Hancock!

Ann Louise Woodall, who is well known for her charming personality, is well chosen for a Senior Leader. She is a conscientious worker who has ably assumed many honors and duties. Among these were: Senior Vice President, "Stage Door," Warwick Playhouse Reporter, Usher, S. C. A. Social Committee, Salesmanship Award, Spanish Club Secretary, S. C. A. Congress, and Prom Committee Chairman.

Ann Louise's interest and ability in art have made her valuable in the decoration for dances. As Chairman of the Prom Decoration Committee, she designed a fairyland of "Moonlight and Roses."

Ann Louise is another Westhampton-bound Farmerette, and she plans to continue in art.

We have another doctor in our midst! John Donald Millar has decided on this profession, but he has not made his final choice of a college.

John's high school career has been marked with evidences of leadership; and he has taken a part in many activities, such as: Band, Debating (District Champions), Warwick Playhouse, of which he is President; Latin Club, and J. V. Football, of which he became Co-Captain.

In his Senior year, John has been Reporter of the S. C. A., and has written several articles concerning this organization for the *Sponge*. Many students remember him as the Scotchman in the assembly skits.

With such a versatile and skillful personality, John has ably lead his fellow students in many of Warwick's activities.

# are these "the best years of your life"?

**Parents often say** they are, but there can be plenty of wonderful good times ahead for you.

Especially if you get a good job, doing interesting, important work with the kind of people you love to work with. Many high school girls find exactly that at the telephone company, after graduation.

So when you finish school, stop in and see us. You'll probably find a job you'll really enjoy at good pay with regular raises.

# ACKNOWLEDGMENT

As we bid farewell to the 1951-1952 school session, we would like to express our appreciation to the following who have given their time and invaluable assistance to the publication of this book:

THE STONE PRINTING AND MANUFACTURING COMPANY, Roanoke, for printing our book, and particularly to Mr. C. D. Hurt for his aid in solving our many problems.

MR. GENE EDMUNDS, of Hampton, for the cooperation and fine work in taking our group pictures.

NACHMAN'S STUDIO, Newport News, for taking our individual pictures, and especially Mrs. Anne Cooke, whose interest and helpfulness made our job so much easier.

MR. PRICE, of the *Daily Press*, Newport News, for his assistance in obtaining many of our cuts.

THE CAVALIER AIRPORT, Patrick Henry, for their aid in taking the aerial view of our school.

MR. PAUL EDWARDS, of "Nick" Allen Motors, Newport News, for his interest and assistance in our Buick advertisement.

PHYLLIS EDWARDS and ANN LOUISE WOODALL, for typing so much of our copy.

Our ADVERTISERS, whose support made this publication possible.

MISS HILDA ABERNATHY, our adviser, whose patience, advice, and solutions to our problems made our job such a pleasure.

The STUDENTS, FACULTY, and ADMINISTRATION, for their interest and cooperation throughout the year.

We would like to express our gratitude to the STAFF of the WARWICK, who have given so generously of their time and services for this edition. To Suzanne Fite go our best wishes for the 1953 WARWICK.

BETTY HOCKADAY, *Editor*
FREDA HEFLIN, *Business Manager*

# WHAT'S IN A PICTURE?

A deserted hall would seem at first glance, a barren, empty subject for the camera to record. For a brief second the students are beyond the camera's range, but their presence is felt as surely as if this were a hall of laughing, crowding, talking students. All your memories, all your friends, even you are just out of view. Call them, and one by one, they will step into the hall and into the sight of your memory.

What's in a picture? What's in this picture? It's what you have put there.

I wish you lots of happiness in future years.

I put my signature in this book to acknowledge a good friendship

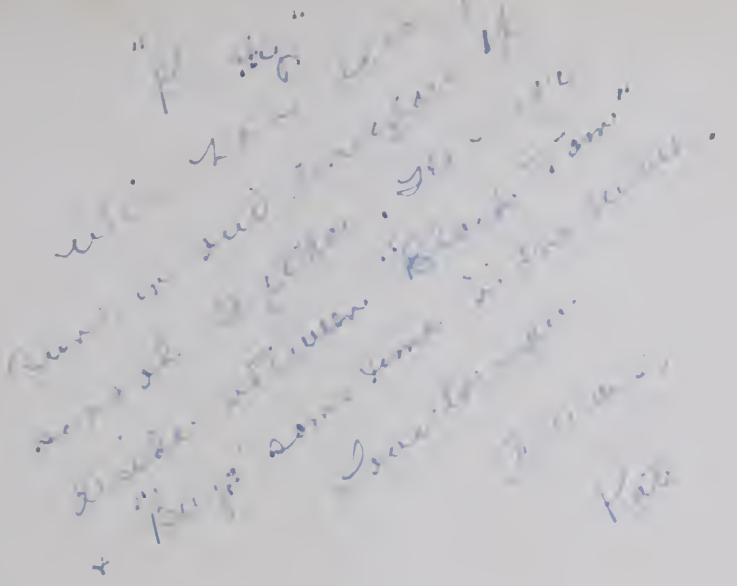
Dear Betty,
Here's hoping that you have the best that life can offer. You deserve the best. With your pleasing personality and ability to get things done you are bound to be a great success in every thing that you undertake to do. Always remember the fun we have had in school and the club. Always remember me.
Love ya!
Jean

Dear Betty,

There are a thousand things I could name now, but never forget me and your dear neighbor. We have had a lot of fun together & I'm looking forward to much more. Everytime you smell something think of me fun & cont.

Love "Black Jake"

Eighth Cavalry



May you have the best of everything in the future. You are a real swell girl.
Love ya.
Judy.

Betty, you're a real sharpie and I enjoy going to school with you. I wish you the very best always - you deserve it!

Remember me,
Irene
